Thriving in collaborative settings, I excel at leveraging my skills to create innovative solutions.

### WORK EXPERIENCE

---

#### 2 Years Of Experience

*Creativefuel Pvt. Ltd | Location | 2022 – present*

#### Project – HRMS

##### User Management Module:

- Designed and implemented a comprehensive user management module, facilitating streamlined user registration, authentication, and profile management processes.
- Developed and connected multiple master forms within the user module, ensuring dynamic handling and seamless integration.

##### Salary Module:

- Developed a robust salary management module to efficiently track employee compensation and streamline payroll processing.
- Implemented role-based permissions to ensure data security and access control, safeguarding sensitive employee information.
- Orchestrated the seamless transfer of salary data to the finance department following salary generation, optimizing administrative workflows.

##### Onboarding Module:

- Registration: Implemented a user-friendly registration process for new employees to input necessary details.
- HR Onboarding: Enabled HR personnel to initiate and oversee the onboarding process for new employees.
- Administrative Functions: Incorporated administrative functionalities for HR personnel to manage and track onboarding progress and employee information effectively.

##### Asset Management Module:

- Created an asset management module to monitor and manage company assets, such as equipment and inventory.
- Implemented data visualization to provide insights into asset utilization and maintenance.

### **Fitness Website**

- Fitness Website Created wireframes, prototypes, and high-fidelity mockups to visualize and iterate on design concepts.
- Collaborated with stakeholders to gather requirements and ensure design alignment with business goals.
- Payment Gateway Integration:

### **E-Commerce Website**

- Implemented user registration and login forms with validation.
- Developed a cart system to allow users to add, remove, and modify items.
- Designed and implemented a grid layout to showcase products.
- Ensured the website's layout adapts to different screen sizes and devices.
